I am excited to apply for the Senior Associate Customer Support position at DXC Technology. My FINRA Series 6 license, nearly a decade of customer service experience, and 2 years in business development make me an ideal candidate for this role.

Leveraging my extensive customer service background, I have consistently achieved high levels of customer satisfaction by providing accurate investment advice and resolving complex inquiries. My Series 6 license and strong analytical skills enable me to stay compliant with regulations while identifying trends to improve processes.

At Western & Southern, I gained hands-on experience in financial services, while expanding my own knowledge in the industry. This opportunity has helped my dedication to contributing effectively

I am certain that my strong analytical problem-solving skills will enable me to seamlessly adapt to DXC Technology's systems and workflows, resulting in outstanding customer support. My commitment to staying current with industry trends ensures that I can effectively address both customer needs and contribute to the team at DXC Technology.

I would appreciate the opportunity to discuss my qualifications further and demonstrate how my expertise can benefit DXC Technology. Please feel free to contact me at 574.378.9674 or cpeters1115@gmail.com to schedule a conversation.
